Dear Mr. Butler,

I received the directive stating that there was no objection to Candace Burch's motion to intervene.

I filed a Reply to her Letter of Protest on March 24, 2022, which was filed with the Commission and I'm attaching to this email.

We turned in our Class C Certificate for S&W Transport, so there will not be a new transportation provider in the area.

Additionally, days after Ms. Burch filed her objection stating that there was not a need for new transportation providers in the area, she filed an application herself for a new NEMT provider in the area. This material was provided to the Commission.

I would request that you take my reply and objections into consideration and reconsider your decision.

Sincerely,

David Swanner
